

Modern Foreign Languages

At Whinmoor St. Paul's, we focus on the teaching of French throughout Key Stage 2, following 'La Jolie Ronde' scheme of work.

Alongside this, we believe that it is essential that our children are given access to, and gain an understanding of other cultures and languages.

With this in mind, we ensure that our curriculum encompasses the study of other countries and cultures, including cultural celebrations, European exploration days and opportunities for many of our children to share their own home language, where English is an additional language.
