

“Every child is a unique child of God.”

**Reception Weekly Home Learning – Week Beginning 18-05-20**

<i>Monday</i>	<i>Tuesday</i>	<i>Wednesday</i>	<i>Thursday</i>	<i>Friday</i>
<b><u>Learning Challenge</u></b>	<b><u>Learning Challenge</u></b>	<b><u>Learning Challenge</u></b>	<b><u>Learning Challenge</u></b>	<b><u>Learning Challenge</u></b>
Create an imaginary creature. You can draw, paint or make it from craft materials. Think carefully about your creature and try to answer these questions about him/her. Where does it live? What does it eat? What does it like to do? Does it have any special powers? What are its friends like?	Make a string telephone. Use two yoghurt pots and a long piece of string. <i>(instruction sheet with Tuesday resources)</i> Can you send a message down the line? Can you ask someone to send a message to you that you can record in your home working book?	Look carefully at the picture of the monster and describe what it looks like to someone in your house, using some of the prompt words to help you. <u>Challenge</u> Write some of the sentences using your phonics mat to help you sound out the words. Remember capital letters, finger spaces and full stops.	Going on a bear hunt! <a href="https://www.jointhebearhunt.com/">https://www.jointhebearhunt.com/</a> Create a sound track for a story. Listen to the author reading the story and join in with the actions. Then go and find objects from around your house to create the sounds of the characters moving through the different obstacles. Then replay the story and play the sounds along with the story.	Reading Comprehension activity found in the resources pack.

**Additional Challenge for the week**

Look at some of the food in the cupboards or the clothes in the wardrobe. Check the labels to see where they are from. Can you find any of these places on a map, globe or Google Earth? Which objects have travelled the furthest? How do you think they might have travelled? Have any come from the country we live in?

Maths this week can be found on the resources sheets and does not need to be printed off. The children will just need to be able to count on the screen. Maths activities taken from White Rose maths and based on the story The Very Busy Spider

Please continue to access Numbots, Teach Your Monster to Read and Mathletics.

Also read to your child and encourage them to read regularly, making sure they discuss the story, thinking about the setting, characters and the main events.
