

“Every child is a unique child of God.”

Reception Weekly Home Learning – Week Beginning 8-06-20

<i>Monday</i>	<i>Tuesday</i>	<i>Wednesday</i>	<i>Thursday</i>	<i>Friday</i>
<u>Learning Challenge</u>	<u>Learning Challenge</u>	<u>Learning Challenge</u>	<u>Learning Challenge</u>	<u>Learning Challenge</u>
Write a book log of the story's you have shared and enjoyed while you have been at home. What did you like about the story/ what didn't you like? Who was your favourite character? Rate it out of 3 stars, decorate it with drawings.	Draw yourself as a super hero and label all of your powers and what you can do. What do you look like, who will you save? Can you write a story to show/tell your teacher or a family member?	Go through your cupboards and fridge and with a parent decide the different items that you need to buy from the shops. Now you can use your phonics to write a shopping list.	Take your parents lunchtime order, can you write down everything they would like using your phonics knowledge. E.g. I would like... pizza, ketchup and chips.	Reading Comprehension activity found in the resources pack. <i>(Children may need support to read all the words and this is fine. They are working at recalling the information from the text and recording it.)</i>
White Rose Maths Home Learning Summer week 6 (w/c 1 st June) Snail and the Whale day 1	White Rose Maths Home Learning Summer week 6 (w/c 1 st June) Snail and the Whale day 2	White Rose Maths Home Learning Summer week 6 (w/c 1 st June) Snail and the Whale day 3	White Rose Maths Home Learning Summer week 6 (w/c 1 st June) Snail and the Whale day 4	White Rose Maths Home Learning Summer week 6 (w/c 1 st June) Snail and the Whale day 5

Maths this week can be found on the resources sheets and does not all need to be printed off. The children will just need to be able to count on the screen. Maths activities taken from White Rose maths and based on the story The Snail and the Whale

“Every child is a unique child of God.”

Additional Challenge for the week

Create some shadow pictures. Can the children select an object to make an interesting shadow? Then draw around the shadow on the paper and reveal your shadow picture. Use colours or collage to decorate the shadow picture.

While completing the picture can the children think about what makes a shadow. Can they use a torch to create a shadow? Do the shadows change if they repeat the activity later in the day but in the same place?

Please continue to access Numbots, Teach Your Monster to Read and Mathletics.
Also read to your child and encourage them to read regularly, making sure they discuss the story, thinking about the setting, characters and the main events.
