Every Child is a Unique Child of God

At Whinmoor St. Paul's Church of England Voluntary Aided Primary School, everything we do is underpinned at all times by the Christian ethos of valuing the individual. We believe that every child is respected as a unique child of God, the future adults in society. We believe children are gifts from God and we are privileged to work with their families and carers, to enable them to live life to the full.

The Governing Body and staff of Whinmoor St Paul's Primary School take as our first priority the responsibility to safeguard and promote the welfare of our pupils, to minimise risk and to work together with other agencies to ensure rigorous arrangements are in place within our school to identify, assess, and support those children who are suffering harm and to keep them safe and secure whilst in our care.

Our Mission and Ethos

At Whinmoor St Paul's Primary school we believe that every child is a unique child of God and lives in a world that God has made.

We aim:

- ***To provide a safe nurturing environment where every child can achieve his/her full potential***
- ***To inspire a lifelong love of learning***
- ***To value all faiths and cultures and to celebrate diversity***
- ***To develop a sense of respect and responsibility towards self, others and the world in which we live***
- ***To build strong relationships with the local community, our city and the wider world***

And to do all this as a caring community based on strong Christian values

Background

Our school is committed to complying with and implementing the provisions of the Freedom of Information Act (2000) and related legislation. This provides a general entitlement to any person to be able to access information held by school, subject to exemptions and conditions laid down by law.

Scope

This policy applies to all information held by school regardless of how it was created or received. It applies irrespective of the media on which the information is stored and whether the information is recorded on paper or held electronically. The Act's powers are fully retrospective and thus information is accessible no matter how old it may be. Similarly, information in draft form will also be accessible under the Act.

It should be noted that access to personal information (that is information from which a living individual can be identified) is still governed under the Data Protection Act 1998. Requests for access to such information will be governed in line with the requirements of this legislation.

Dealing with Requests

School will offer advice and assistance to anybody wishing to make a request for information. We are committed to dealing with requests within statutory guidelines, which means that a response will be made no more than 20 school days from the date of request and more speedily if possible. This will be extended in specific circumstances on legal advice in connection with the public interest test. However, school is committed to providing a prompt service and every attempt will be made to provide the information earlier than the expiry of the 20 school day period. Repeated or vexatious requests for information will be refused. School will claim exemptions as appropriate whilst maintaining a commitment to openness, scrutiny and the public interest. School will put in place an appropriate procedure for measuring the public interest when considering a qualified (also known as “non-absolute”) exemption which requires such a test.

Any request in writing will be considered a Freedom of Information request including those received by email and fax. There is no need for requests to indicate that they are made under the Act and all requests will be dealt with under this policy. School reserves the right to refuse requests where the cost of locating, retrieving and editing (where necessary) the information would exceed the statutory maximum (currently £450).

School recognises that requests for environmental information may be made over the telephone and that different exemptions apply.

Adopting and Maintaining Publication Schemes

School has adopted a Publication Scheme in accordance with Section 19 of the Freedom of Information Act and is committed to updating and maintaining it to keep it current and relevant. The Publication Scheme contains many of the documents, policies, plans and guidance which are regularly asked for. Material contained within the publication scheme, and a copy of the scheme itself, will be readily available. Where charges are applied these will be stated in the Scheme. The scheme can be accessed in school on request. School staff will give advice and assistance on how to use the scheme as appropriate.

Relationship with the Data Protection Act 1998

School is under a legal duty to protect personal data under the Data Protection Act 1998. We will carefully consider our responsibilities under this Act before releasing personal information about living individuals, including current and former employees and pupils.

Responsibilities

School has a responsibility to make information available in accordance with the Freedom of Information Act. Responsibility for compliance with this and related policies

will rest with the Governing Body who will delegate those responsibilities to the Head Teacher. Complaints regarding the use of this policy should be directed to the Governing Body.

All school staff have a responsibility to ensure that any request for information they receive is dealt with under the Act and in compliance with this policy. They are also responsible for good information handling practice and for implementing records management policies and procedures as appropriate to their post.
